

BECOME A PEER TUTOR

UTSSA PEER TUTORING

How does UTSSA Peer Tutoring work?

UTS students can register to tutor other students in any UTS subject they have completed with a result of Credit, Distinction or High Distinction.

Once registered, we will email your name and preferred contact details to students who request help with your subject(s). The student can then contact you directly to discuss availability and payment. We recommend meeting in a public place such as the UTS Library.

The recommended rate to charge students is \$25 per hour, paid directly to the tutor by the student, at the end of each lesson. We cannot guarantee how much work you will receive as this will depend on the demand for your subject(s), however, it costs nothing to register for this service which is run to assist students in their studies.

We email Peer Tutors annually to update their details and confirm that they are still available to tutor. Please ensure you respond to this email to remain on the database for that year.
