Further preferences may be distributed to other group's candidates if the voter expresses further preferences for those groups "above the line".

Interpretation of votes

3.3 In interpreting a voting paper the Returning Officer must, as far as practicable, apply the clear intention of the voter.

3.4 If a second or subsequent preference has been recorded on a voting paper for more than one candidate, the voting paper shall be treated as if those preferences and any subsequent preferences had not been recorded on the voting paper.

3.5 If there is a break in the order of preferences, the voting paper shall be treated as if the later preference had not been recorded on the voting paper.

4. Ticket Votes – For Electronic Ballots

In the instance an **Electronic Voting System** is used, the electronic ballot must attempt to replicate, as similarly as possible, the election if a paper ballot was used. All candidates in a list must be grouped together, in the order submitted on the nomination form, and identified with that list.

4.1 *Definitions*

Electronic ballot means a ballot conducted electronically in compliance with Schedule 2.

Electronic voting system means a secure system as described in Regulation 15.3 for the purpose of capturing and tallying votes cast in an election conducted by electronic means.

5. Scrutineers

SCHEDULE 2

PROPORTIONAL REPRESENTATION WITH THE SINGLE TRANSFERABLE VOTE METHOD OF COUNTING VOTES WHERE MORE THAN ONE POSITION IS TO BE FILLED

1. The number of first choices recorded for each candidate shall be counted.

2. The aggregate number of such first choices shall be divided by one more than the number of candidates required to be elected and the quotient increased by one, disregarding any remainder, shall be the quota, and (except as hereinafter provided in Rule No. 9) no candidate shall be elected until they obtain a number of votes equal to or greater than the quota.

3. Any candidate who has, upon the first choices being counted, a number of such votes equal to or greater than the quota shall be declared elected.

4. Where the number of such votes obtained by anyone candidate is equal to the quota, the proportion of votes in excess of the quota shall be transferred to the other candidates not yet declared elected, next in order of the voters' preferences, in the following manner:
 - (a) All the voting papers on which a first choice is recorded for the elected candidate shall be re-examined, and the number of second choices, or third or next consecutive choices recorded for each unelected candidate thereon shall be counted.
 - (b) The surplus of the elected candidate shall be divided by the total number of votes obtained by them on the counting of the first choice and the resulting fraction shall be the transfer value.
 - (c) The number of second or other choices ascertained in Rule 1., to be recorded for each unelected candidate, shall be multiplied by the transfer value.
 - (d) The resulting number shall be credited to each unelected candidate and added to the number of votes obtained by them on the counting of the first choices.

5. When more than one candidate is over the quota
 - (a) Where, on the counting of the first choices, or on any transfer, more than one candidate has a surplus, the largest surplus shall be first dealt with. If then, more than one candidate has a surplus, the then largest surplus shall be first dealt with, and so on; provided that, if one candidate has obtained a surplus at a count or transfer previous to that at which another candidate obtains a surplus, the surplus of the former shall be first dealt with.
 - (b) Where two or more surpluses are equal, the surplus of the candidate who was the highest on the poll at the count or transfer which they last had an unequal number of votes shall be first dealt with, and if they have had an equal number of votes at all preceding counts or transfers, the Returning Officer shall decide by lot which candidate's surplus shall be first dealt with.

6. When a candidate reaches quota
 - (a) Where the number of votes obtained by a candidate is raised up to, or above, the quota by a transfer as aforesaid, they shall thereupon be declared elected; and in such case, notwithstanding the fact that they may have reached the quota, such transfer shall be completed, and all the votes to which they are entitled therefrom shall be transferred to them, but no votes of any other candidate shall be transferred to them.
 - (b) Where the number of votes obtained by a candidate is raised up to, but not above,

the quota by a transfer as aforesaid, the whole of the voting papers on which such votes are recorded shall be set aside as finally dealt with.

- (c) Where the number of votes obtained by a candidate is raised above the quota by a transfer as aforesaid, their surplus shall be transferred to the candidates next in order of the voters' respective preferences, in the following manner:
 - (i) The voting papers on which are recorded the votes obtained by the elected candidate in the last transfer shall be re-examined, and the number of third or, in the case provided for in Rule 11, next consecutive choices recorded for each unelected candidate thereon counted.
 - (ii) The surplus of the elected candidate shall be divided by the total number of voting papers mentioned in paragraph (i) and the resulting fraction shall be the transfer value.
 - (iii) The number of second, or other, choices, ascertained in paragraph (i) to be recorded for each unelected candidate shall be multiplied by the last mentioned transfer value.
 - (iv) The resulting number shall be credited to each unelected candidate and added to the number of votes previously obtained by them.

7. When no further candidates reach quota but positions remain available for election

- (a) Where, after the first choices have been counted, and all surpluses (if any) have been transferred as herein before directed, no candidate or less than the number of candidates required to be elected, has or have obtained the quota, the candidate who is the lowest on the pool shall be excluded, and all votes obtained by them shall be transferred to the candidates next in the order of the voters' respective preferences, in the same manner as is directed in Rule 5.
- (b) The votes obtained by such excluded candidate as first choices shall be first transferred, the transfer value of each vote in this case being 1.
- (c) The other votes of such excluded candidates shall then be dealt with in the order of the transfers in which, and at the transfer value at which they obtained them.
- (d) Each of the transfers which takes place under the two previous clauses of this Rule shall be deemed for all purposes to be a separate transfer

8. Other rules

- (a) Where the number of votes obtained by a candidate is raised up to or above the quota by any such transfer as aforesaid, they shall thereupon be declared as elected; and in such case, notwithstanding the fact that they may have reached the quota, such transfer shall be completed, and all the votes to which they are entitled therefrom be transferred to them, but no other votes shall be transferred to them.
- (b) Where the number of votes obtained by a candidate is raised up to, but not above, the quota, by any such transfer as aforesaid, the whole of the voting papers on which such votes are recorded shall be set aside as finally dealt with.
- (c) Where the number of votes obtained by a candidate is raised above the quota by any such transfer as aforesaid, their surplus shall be transferred to the candidate next in the order of the voters' respective preferences in the same manner as directed in Rule 6, Clause (c); provided that such surplus shall not be dealt with until all the votes of the excluded candidates have been transferred.
- (d) Where any surplus exists, it shall be dealt with before any other candidate is excluded.

9. The same process of excluding the candidate lowest on the poll and transferring to other candidates their votes, shall be repeated until all the candidates, except the number required to be elected, have been excluded, and the un-excluded candidates who have not already been so declared, shall then be declared elected.

10. Where at any time it becomes necessary to exclude a candidate and two or more candidates have the same number of votes and are lowest on the poll, then whichever of such candidates was lowest on the poll at the last count or transfer at which they had an unequal number of votes shall be first excluded, and if they have had an equal number of votes at all preceding counts or transfers, the Returning Officer shall decide which candidate shall be first excluded.
11. In determining what candidate is next in the order of the voters' preferences, any candidates who have been declared elected shall not be considered, and the order of the voters' preferences shall be determined as if the names of such candidates had not been on the voting paper.
12. Votes shall be counted to the nearest hundredth part of a vote only, and transfer value calculated to the third decimal place only.
